

## **Blunsdon Neighbourhood Plan**

### **Draft Vision as at November 2013**

The Blunsdon Neighbourhood Plan area is an historic, established rural settlement, with a distinct and separate character from its urban neighbour Swindon, growing through managed, sustainable development meeting the needs of the residents. Through continuous commitment to conservation, heritage and high-quality design it maintains its 'village' character and culture. With its low housing density and dedication to providing a tranquil sense of space, it preserves its landscape context and rural views in and out of the area. It has a strong sense of community which cares for its residents and provides a sustainable and safe quality of life.
